

Dominic Perri is a member of the Board of Directors of the Société de transport de Montréal. He serves as President of Société TRANSGESCO, the firm that originated television in the Metro and that has the mandate of marketing the STM. In addition, Mr. Perri is a member of the Audit Committee the Operations and Asset Maintenance Committee and the Finance Committee.

Since 1982, Mr. Perri has been active in municipal politics, elected seven times, which makes him the dean of the Municipal Council members of Saint-Léonard Borough. He is a Municipal Councillor for that borough with the Ville de Montréal. He has also chaired the Montréal municipal Committee on Transportation, Infrastructure Management and the Environment. Since this year, he has chaired the Agglomeration Committee on Transportation, Infrastructure and the Environment.

He has a Bachelor of Science degree, a Certificate in Teaching and a Master's degree.

<p>Dominic Perri is committed to continue generating revenues other than fares while improving the passengers' transportation experience: development of rest areas in the stations, deployment of television screens, wireless telephony and WiFi connection, real estate development of Metro entrances.</p>
