

## Reopening of the Henri-Bourassa bus terminus

The south Henri-Bourassa bus terminus will reopen on Monday, July 20, 2009. Connection to bus routes 30, 48, 49, 53, 56, 89, 146, 159, 164, 171, 361 and 363 will be back at the south terminus from this date.

The first phase of elevator installation work caused the temporary relocation of the bus terminus on the north side (former Terminus Laval) in January. With the reopening of the south bus terminus, construction work will continue underground until summer 2010.
